I already paid \$29.95 + for your services and have yet to be able to use your service for some reason? Please see records for acknowledgement as needed. This was placed on my "Master card" and if your services are free why did you take my money? I sincerely wanted the use of your services to gain personal information for criminal records, etc... and that's why I choose your company. If you don't offer this and more as I thought than I am requesting my money be returned.

Thank you for you reply. I am disputing the charge from courtsonline.org and would like to use your email as evidence for my Credit Card company. May I?

If I can be of any help in your attempts to block them from illegally linking to your website, please let me know.

Tim I want to sincerely thank you for taking the time out of your weekend to respond to my delima. I feel so used by the net investigator site!! They still have not returned any of my e-mails. Things like this make it difficult for those of us who are trying to do the best they can with what they have and then these type of jerks come along and burst whatever bubble you may of had.

Your site has been extremely helpful. Easy to navigate and get the information you need that is readily available to you. I do not know what to do to get my money back but if you have any ideas please let me know.

Again Thanks So Much

Janie

Yes, I paid money to Courtrecords.org. They gave me a login information and password then you come up from the searches.

I don't understand what is going on.

Hi Tim; we unfortunately filled in the paypal details before our name, email, and secret name request, that will be the reason that you don't have our details. Also, you asked for the name which is Complete Investigation Services, but under the return correspondence with the username 2004 and password 1000, the name was Keynetics. I am at this time very suspicious about the whole thing and would appreciate if you would return the money through Pay pal and cancel the whole thing.  
Thank you for your kind attention.

It appears I have to pay extra for that. Also, to find out some info on my mother's ancestry. It wasn't too clear what membership I had to cancel in order to only use the 14 day free trial. thank you for any explanation you can give me.

Tim, I looked up dui convictions and found a Registry of Motor Vehicles site. I just subscribed to your service through this site. My receipt # is DXSDG9J8. I'm new at using the internet so may not be using the correct jargon in communicating with you. On what I believe is your home page I entered the name I was searching for and the search indicated there were 12 court or criminal records. I can't find how to proceed to retrieve the information now that I have subscribed. Are you willing to give me a phone number to use to contact you? It would probably be quicker than using email. Thanks, Robin

Hi Robin,

I don't understand. We don't have any sort of service where we give "pieces of data" and entice people to get more information if they pay us. And we don't have you registered as a subscriber to our site.

What web site did you pay? Let me know so we can investigate this. I certainly hope that they didn't try to sell you access to our web site.

Dear Babs,

I apologize, but we don't have a record of your name or email address in our subscriber database and we don't have a \$49.95 subscription plan. It sounds like some other web site tried to sell you access to our services.

Check with your credit card company and they will tell you who charged you. They will also help you if you'd like to dispute the charge. And when you do find out who took your money, let me know the name of the site so that we can notify our attorneys.
